

Aflac Cancer Insurance guaranteed-issue offer

Exciting news for 2026!

Take advantage of this guaranteed-issue cancer insurance offer! Aflac is making our latest cancer product available to your employees, with no underwriting requirements.

One in three people will be diagnosed with cancer in their lifetime.¹ Unfortunately, treating cancer can be expensive. From deductibles and copays to treatment, transportation and childcare, there are expenses that health insurance may not cover. Aflac offers financial protection by providing robust benefits that help cover the patient from initial diagnosis, through treatment and beyond. And benefits are paid directly to your employees to use as they see fit.²

Since 1957, Aflac has been a pioneer in cancer insurance. As cancer treatment protocols have changed, our coverage has evolved to help cover the costs of those innovative treatments and help provide solutions that empower your employees to seek treatment without the financial concerns that often accompany it.
